Due to complaints from another dealer, Marquis has removed our prices from the web. Our MAP prices are too low to advertise.

There are also hundreds of styles, sizes and color combinations available in our Special Order Book.

**The Rendezvous requires special crating and handling in order to be shipped alone.

MADE IN USA

For a strong product and a strong country.

*Per month price is the minimum monthly payment if you charge your balance to Wells Fargo or GE Capital Financing, using the longest payback period. This option may be used to pay off your balance, but not your deposit, which must be at least ten percent. Your loan does not actually start until you actually receive your product. There are also lower interest rates available from Triangle Credit Union. There is way more fine print on the application and the store signs.
